

Delivery Charges

- Standard delivery charge is £8.50 to mainland UK. All orders are dispatched via ParcelForce courier service.
- Charges to non-mainland UK i.e. Northern Ireland, Channel Islands etc. are listed in the checkout.
- Delivery charge for Scottish highlands is different to mainland charges. The correct delivery charge will be applied on checkout after the appropriate region has been selected.
- If the correct delivery region is not selected on checkout and this results to delivery charges being calculated incorrectly, your order will have to be delayed until the correct postage has been applied and paid for in full.
